Projects

- Portfolio**
Built a fully responsive portfolio using React and Tailwind CSS to showcase skills, projects, and contact details. Implemented modern UI design with smooth transitions and reusable components.
<https://kumarmurugan1218.github.io/portfolio/>
- Todo App**
Created a task management app with React, useState, and Tailwind CSS, allowing users to add, delete, and filter tasks. UI focused on clarity and minimalism.
- E-commerce**
Built a responsive e-commerce website featuring product listings, filters, and shopping cart functionality using React and Tailwind CSS. Emphasized scalability and component-based structure.
- Study Group App**
This project lets users create, join, and leave study groups.It also includes a search and filter feature to find the right group easily.Perfect for organizing and managing student study sessions.
